AWARD VALUE

The value of the award is fixed by the Trustees in each case, having regard to the needs and resources of the candidate and the cost of fees, maintenance, books, insurance, travel and other expenses incurred in pursuing the course of study. Candidates should be aware that the grant will be a contribution towards the cost of study, and they will therefore be expected to satisfy the Trust that they are able to secure the remaining funds from other sources. Payments are made to the institution and/or the scholar, as directed by the Trustees.

Important Note: A refund to the Trust may be required if the conditions of the grant are not complied with substantially in terms of the application and the award.
